

Hello

We are Stephan and Pavel, founders of ZEIST - member of conglomerate manufacturing companies based in Ukraine. Our company produces steel-glass doors and partitions since 2016. Our journey started six years ago as steel manufacturing company named Plan B. We began to produce custom furnishing, decor and lighting together with the best Ukrainian and European designers helping them to bring their crazy and unbelievable ideas into life.

Today ZEIST is one the Top manufacturing companies in Ukraine, with more than 15 showrooms all over the country and more than 4000 sq.m. of partitions and doors done. Nowadays our focus point is to bring next generation of product and service quality into market.

We are looking for cooperation with Norwegian and European partners.
